THE ANNUAL REPORT ON DENTAL AUXILIARY EDUCATION 1979-80 is a summary of the information obtained from the *1979 ANNUAL SURVEY OF DENTAL AUXILIARY EDUCATION PROGRAMS.* Data was provided by the administrators of dental assisting, dental hygiene and dental laboratory technology programs accredited by the Commission on Dental Accreditation as of October, 1979. At that time, 298 dental assisting, 199 dental hygiene and 57 dental laboratory technology programs were accredited.

TABLE 1 indicates the first-year enrollment in the three types of programs from 1970 through 1979. In this 10 year-period, first-year enrollment in dental assisting programs rose to 1.7 times the enrollment in 1970; dental hygiene first-year enrollment rose to 1.5 times that of 1970 and dental laboratory technology first-year enrollment rose to 2.4 times the 1970 enrollment.

* First-year enrollment in dental hygiene programs may include students as first year or third year in Table 6, depending upon the amount of prerequisite education required by the program.

FIGURE 1 graphically illustrates the first-year enrollment in each of the dental auxiliary programs from 1966 through 1979.

FIGURE 1: First-Year Enrollment in Dental Auxiliary Programs, 1966-1979

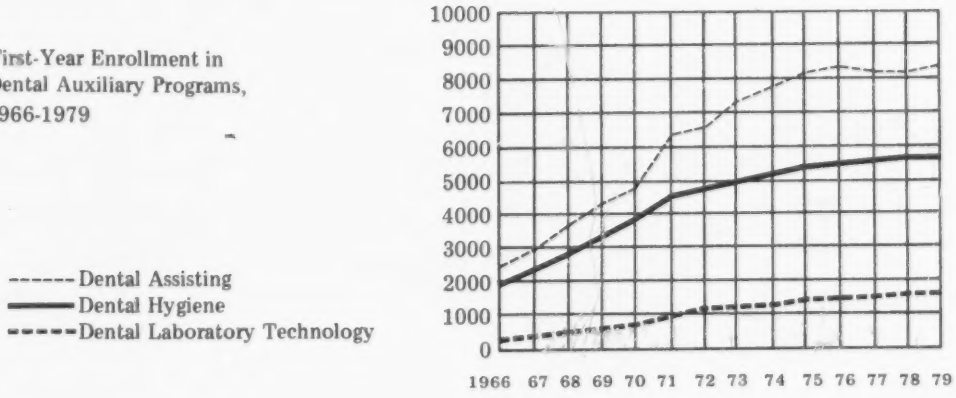

TABLE 2 shows the total enrollment in the dental auxiliary programs from 1970 through 1979. Over the 10-year period, total enrollment rose 1.6, 1.6 and 2.4 times that in 1970 for dental assisting, dental hygiene and dental laboratory technology, respectively. Total enrollment in dental assisting increased slightly over enrollment in 1978. Total enrollment in dental laboratory technology programs decreased 4.1% from 1978; total enrollment in dental hygiene decreased 1.1% from 1978.

In *TABLE 3* is shown the number of graduates from dental auxiliary programs from 1970 through 1979. The number of dental assisting graduates in 1979 was 2.0 times the number of graduates in 1970. The number of 1979 dental hygiene graduates was 2.1 times the number of 1970 graduates. In dental laboratory technology programs there were 2.9 times as many graduates in 1979 as there were in 1970. This year the number of graduates from dental laboratory technology programs decreased 8.7% from 1978, the number of graduates from dental assisting decreased 9% and the number of graduates from dental hygiene increased 2.4%.

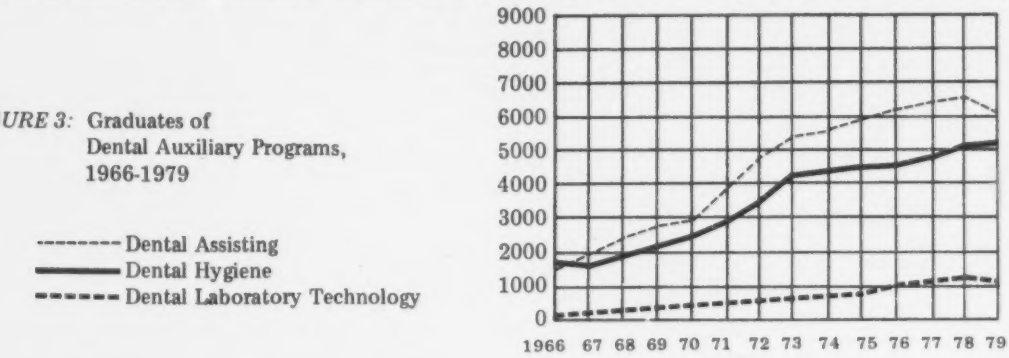
FIGURE 3: Graduates of Dental Auxiliary Programs, 1966-1979



TABLES 4 through *12* present the following information for each type of dental auxiliary program: a list of programs, admission policies and data, and enrollment and graduate information.

DENTAL HYGIENE EDUCATION PROGRAMS

TABLE 4 includes the names and addresses of dental hygiene education programs and the name of the program administrator.

TABLE 5 presents admission policies and descriptive data on each accredited dental hygiene program. Information includes the type of institution (public or private), the award granted upon completion of the accredited curriculum which prepared the student for licensure, the type and number of terms of instruction, the minimum educational background needed to enter the program and the average total cost of the curriculum of the student. The number of terms and costs do not include prerequisite education. The programs in this table may be listed in slightly different order from Table 4.

TABLE 6 identifies the first year enrollment capacity, enrollment in each year of the program, and the number of students who completed the accredited curriculum in 1979. The graduates are tabulated by the type of award granted upon completion of the accredited curriculum which prepared the student for licensure.

DENTAL ASSISTING EDUCATION PROGRAMS

TABLE 7 includes the names and addresses of dental assisting education programs and the name of the program administrator.

TABLE 8 presents admission policies and descriptive data on each accredited dental assisting program. Information includes the type of institution (public or private), the award granted upon completion of the accredited curriculum which prepared the student for employment, the type and number of terms of instruction, prerequisite education for admission to the program and the average total cost of the curriculum to the student. The years devoted solely to general education courses are not included as part of the dental assisting curriculum. The programs in this table may be listed in slightly different order from Table 8.

TABLE 9 identifies first year enrollment capacity, enrollment in each year of the program and the number of students who completed the employment preparation curriculum in 1979. These graduates are tabulated by the type of award that is granted upon completion of this employment preparation program.

DENTAL LABORATORY TECHNOLOGY EDUCATION PROGRAMS

TABLE 10 includes the names and addresses of dental laboratory technology education programs and the name of the program administrator.

TABLE 11 presents admission policies and descriptive data on each accredited dental laboratory technology program. Information includes the type of institution (public or private), the award granted upon completion of the accredited curriculum in 1979, the type and number of terms of instruction, prerequisite education for admission to the program and the average total cost of the curriculum to the student.

TABLE 12 identifies the first year enrollment capacity, enrollment in each year of the program and the number of students who completed the employment-preparation curriculum in 1979. These graduates are tabulated by the type of award that is granted upon completion of this employment-preparation curriculum.
